REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Bedford:

There have been no changes this year in the teaching staff. The present enrollment is about 200.

The school census of last September showed 280 persons between the age of 5 and 16 years of age, a larger number than in preceding years. This indicates that the demands upon the public schools have not lightened in any way. Rather the contrary is true and will continue. About forty pupils attend parochial schools in Manchester.

A substantial item in the School Budget is that for High School tuition. This amount has increased during the past several years, due principally to the increase in the number of pupils involved. For the first half of the current year, the tuition rate was at the rate of about \$89 per year per pupil. A ruling by the Manchester School Board, effective February 1, 1933, raises the rate to \$100, an increase of about \$11 per pupil per year. With thirty or one or two more pupils—this total increase amounts to approximately \$300 per year. Not only has the rate been increased, but no longer is any credit allowed for pupils who may leave school after the tuition has been paid for a full half year. Up to this time these credits have been allowed, pro-rated according to the number of weeks lost from school. But from February 1 of this year a full half year's charge of \$50 will be made—even if the pupil remains but a few days or weeks.

The Stevens-Buswell Parent Teacher Association gave a Primary work table and a dozen chairs for use in the Primary room. This adds excellent equipment. They have also sup-

plied some play equipment and provided "treats" for the Children's Christmas party.

The Donald Street Parent Teachers supplied material and the men made swings and see-saws. They have also given games, song books and Christmas presents. The trip to the White Mountains given by this association to the graduates of the Grammar School each June has become a habit. The men offered to paint the Donald Street building if the School Board would supply the paint. The Board did. The building not only presents a most improved appearance but is also in excellent condition.

Below is a list of the Grammar School graduates of last June, indicating by stars those who entered High School in September:
